Ongoing fact-checking Twitter Service

A ReSOMA Twitter account was created on the first day of the KO (12/02/2018) in order to disseminate and communicate events, content and developments of the project. The feed has so far covered the KO and the relative WPs presented as well as a EC workshop on thematic research projects funded under the H2020 programme (SIRIUS, REMINDER, TEMPER and GEMM).

With only thirteen tweets featured, the ReSOMA Twitter account has drawn much attention online. The analytics show a good engagement rate with some peaks at 6% and the number of followers has reached 126 units.

Annex 1 features some screenshot of the account.

Sad story that confirms ReSOMA leverage in taking unmet policy needs at EU level & support them with data. Glad to have [@PICUM_post](#) on board!
